

12th August 2018

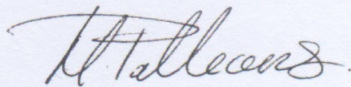

Applicant: Fanni Zsofia David

Referee: Mrs Maria Pallearos-Theoklitou

I am writing to you concerning the applicant and their recommendation for the position she is interested in. I was Ms David's lecturer for 3 years on the BA Graphic Design course at Alexander College. I have kept in close contact with the applicant on a professional level as advisor and also requesting her tutorial services by helping me with film making workshops for my classes. I have been teaching for over twenty five years and many promising students have studied on my course, but Ms David is without doubt a remarkable young lady. Usually a student will have one particular talent or strength, Fanni has several. Her illustrative skills are exceptional, her natural flair for design is progressive and her concepts are always challenging and innovative. Her attention to detail has enabled her to excel in various disciplines demonstrating immaculate crafting for presentations and mock-ups. Even though Fanni has a very strong technical skill for illustration she did not withdraw from exploring other media and furthered her curiosity in non-traditional graphics, particularly moving image, film making and digital media. This shows determination, ambition and a strong character willing to push their own personal boundaries.

Ms David is assertive, self-motivated and is passionate about her craft and any other endeavours she is involved in. Her work ethic is commendable, she will not submit to defeat and will strive to find an alternative solution to any problem. Although she is accommodating and an asset to any team, she is also productive and can take precedent and lead a team with confidence. Fanni was a pleasure to teach, she was well liked and respected by all, particularly her class mates who admired her work and her original approach to a design in general. She is bright, well-mannered, articulate and her command of the English language is excellent.

I would highly recommend the candidate for the position she is considering and have no doubt that she will succeed. Furthering her career in this direction would benefit both parties and I am positive that she will definitely be an asset to the company. I wish her the very best of luck and every success in the future. Please do not hesitate to contact me for any further information.

Recommendation Letter for Fanni Zsofia David

To whom it may concern

I personally have known Fanni as a student of Frederick Institute of Technology at Graphic & Advertising Design Department, for 2 years. During this time she attended my classes in Typography, Graphic and Advertising Design and Computer Arts.

I consider Fanni as a very dedicated and talented student combining raw talent and high intellect. She responded positively and with enthusiasm and she pushes her limits in exploring theory and practice to any given assignments. Always questioning, altering her ideas without settling down to quick and obvious solutions. From my personal perspective Fanni truly represents the image of the ideal student to work with, as she always raised the level of the class and made teaching a delightful experience.

Her open-minded attitude toward criticism enabled her to a continuous search into the visual language without having any preconceived ideas. She understood that process is very important because it involves experimentation, investigating design possibilities with a vast variety of media. Her pleasant personality contributed to a very creative environment in the class and she usually became the leader of our group projects. She is a very motivated student and her conceptual skills are exceptionally developed as well as her ability to effectively combine images with text, originality, message communication and work with a wide array of media.

I know Fanni to be very mature and hard working student and I am convinced that with her urge to continue her studies towards a Masters level education, she will gain even more experience both technical and conceptual. I am absolutely positive that Fanni will excel and I wish her all the best for her academic future.

On the basis of my experience with Fanni Zsofia David, I highly recommend her and I know she would be an excellent addition to your organization.

Yours faithfully,

Angelos Panayides

5th September 2012

To Whom it May Concern

We are happy to write a letter of recommendation for Fanni Dávid, she has been an intern for SAT-7 Media Services from the 1st of June 2012 to 31st of August 2012. Fanni has been working on animation projects and production of animation clips throughout her internship with SAT-7 PARS. She has displayed great ability to work with adobe package, especially Photoshop, Illustrator and After Effects.

During this time, we have found Fanni to be reliable, enthusiastic, creative, willing to learn and hard working in order to keep deadlines and the quality of her work high. She has been a great member of the team and a good team player.

Fanni appears to truly enjoy all aspects of media related work, especially animation, and with additional experience has the skills and the potential to be a valuable member of a creative team.

Sincerely,

Sara Afshari
SAT-7 PARS Executive Director

Employer Assessment Form

Assessment of student performance during work placement

Private and confidential

Name of student: FANNI ZSOFIA DAVID

Employer: GEORGE ROUSHAS / GNOSYSOFT LTD

Period covered: From: 09/06/2015 To: 02/07/2015

Part A

Please tick one of the boxes to indicate the student's level of performance

Not Satisfactory

Exceptional

	1	2	3	4	5	6	7	8	9	10
1. Ability to learn and use of learning opportunities										✓
